RG104 E-1 Box 134 Apr-July 1885

Mint of the United States at Philadelphia,

MELTING AND REFINING DEPARTMENT,

Philadelphia, 27. July ——, 1885.

Sir,

Not having had any previous information in relation to the cessation of base coinage, we had ordered our usual amount of aqua fortis, for cleaning cents, some time in March, but have not had the opportunity of using it, and now have 17 carboys of the same on hand. I would like to be rid of it, because of the space it occupies, which we need, and because the firm of Harrison Bros. & Co. owns the carboys. Since Jennings have the contract (for acids) for this [illegible] year, could we not make arrangements with them to take this Aqua fortis off our hands?

Very respectfully

Hon. D. M. Fox
Superintendent.
